Thank you. Your kind gift of €585.00 from your Halloween costume swap and buy means that right now, a family can make the most of the little moments with their child, creating memories that will last a lifetime.

Dear Eithne & friends,

You did something truly special. Your gift is helping ensure that children with life-limiting conditions and their families from all over Ireland can come to LauraLynn and make precious memories together. **Thanks to you**, a family can relax and recharge their batteries.

Because of your support a family can spend time playing games together and having fun in our sensory garden and playground. They can do arts and crafts, play music, watch a movie, and relax. You are helping families make the most of the little moments that they will treasure forever.

When your child has a life-limiting condition, everyday life can be very challenging for the whole family. Caring, nursing, feeding, and medicating your child round-the-clock leaves little room to do the normal things that parents do. This is where LauraLynn comes in and your support really does make all the difference - **thank you**.

Thank you so much,

*Liz Quinn Cathy White*
